Team Apprentice

WILL YOU BE HIRED OR FIRED?

Based on the BBC's hit TV show 'The Apprentice' teams will feel the tension in the boardroom as Sir Alex Sweetener arrives in his usual manner and briefs you on the challenges ahead. Teams will feel the pressure as they must complete the challenges within the time limit. Anyone late will incur penalty points and open up the whole team to be fired! Teams must create a new company and sensational new product that will be a hit success, making the teams fortunes! You must name the company, brand the product and give the marketing strategy performance of your lives. But will you see the money?

Either way teams must use their business acumen as who wants to go home in a taxi sobbing for being fired!

YOU ARE FIRED!

CSI Investigation

A THOUGHT PROVOKING TEAM EVENT

A real Mulder and Scully team event where it's your turn to become the investigator. Do you have what it takes to work through the forensic evidence and solve the crime? The scene is set and now it's up to you to solve the heinous crime. Using genuine forensic techniques including chemical analysis, finger printing, blood identification, handwriting analysis, chromatography and a lot of cross examination you will need to solve the crime. After the initial briefing you will put on your white suits and gloves. Then it's time to work as teams to solve the mystery. As well as the genuine lab techniques you will also interview key witnesses in a murder enquiry. Who will you suspect? And who will crack the crime first? This event is a mind boggling series of events that will leave you scratching your heads as a few curve balls are thrown in! The event is fun and exciting with experiencing the thrill of solving a realistic murder.

Chimes of Da Vinci

A thought provoking team building experience

Teams seem to have stumbled upon some old boxes that appear to contain some old wooden artefacts and some chimes. Inside the boxes is a note.....The blue prints you'll find if you challenge your mind, crack open the safe and have the faith that the you crack the prints.

Build the puzzle in the time given, and arrange the chimes to create a rewarding team tune.

This team building event is engaging and thought provoking with every person in the team working together to achieve the same common goal. Its so rewarding when you get it right! However, you must solve the challenges to even get into the safe!

The big picture

CREATE YOUR MASTERPIECE

This is a colourful and creative team building event that gets all teams working together towards a common goal! This event gives you the opportunity to explore your creativity as a team and communicate together to produce an overall masterpiece. Working in small groups initially, teams earn their paint by completing a variety of fun team games and challenges. Once teams have earned their paints, things get colourful! They then work within their teams to correctly draw out the pictures to scale on their canvases, mix the correct shades of colour and get painting!

Teams will want to be competitive but will have to collaborate if they are to match the correct scale and colours needed to make the painting look good as a whole. The event will conclude with the grand unveiling of their completed masterpiece. This is a high impact finale where teams can be really proud of their team work and creativity. The painting can then be taken back to the office where it can act as a visual example of their achievements and the importance of working together as a team.

Escape the Conference Challenge

Engage and excite your team

There are events to get excited about and this is absolutely one of them! It's brilliant for all group sizes, fast paced, involves limited set up or waiting around and is so competitive as teams do the same challenge, at the same time, in the same room!

Each team (5-6 people per team) is given a secured box. The countdown timer begins and with that the tension increases as you become very much part of a pressure cooker situation as you enter a head to head race to complete the challenge first. Against the clock and the other teams you must work your way through the layers of the box to crack the codes, open the safe and save the universe from the lethal virus. Can you get the anecdote, save the planet and escape the conference first?

SKILLS MEANS TIME IN THE DOME!

We will cut to the chase here.... The Crystal Maze is by far one of the most popular, fun and exciting team building events! It takes you back to the hit 90's TV Game show 'The Crystal Maze' which was hosted by Richard O'Brien. Teams would compete in challenge zones to gain crystals, which give them time in the dome in the finale. Well with our fully portable Crystal Maze event you will be doing the same thing. We even have our very own Richard O'Blimey who hosts the event and gets the party started! He doesn't have any hair either and even wears that dodgy leopard print jacket. Whether you are aiming to bond further as a team, communicate better, welcome new team members or just have a seriously cool company away day you are guaranteed 100% team camaraderie and fun! But of course we would be bending the truth if we said it wasn't competitive. Everyone wants to win the challenge zones and everyone wants to be in the dome for the finale.

Shoes for all

INNOVATE, CREATE & DONATE

This is a colourful and creative CSR team building event that gets all participants working together towards a common goal! This event gives you the opportunity to explore your creativity as you design and create a pair of shoes for someone who perhaps doesn't have a pair. Something we all take for granted! This corporate social responsibility event really does give you the feel-good factor as you hand create your own design. Will you go all out colourful? Leave a message on the shoes or perhaps go all out Gucci! We work with various charities to distribute your shoes such as '52 Lives' or you can give them to your own company charity yourselves.

The event not only is creative but it works on mindfulness, where you bring awareness to what you are directly experiencing via your senses, state of mind, thoughts and emotions. Completing the session really does bring you that momentous moment where you breathe and take in the incredible kindness of what you have just done and how it can change someone's life.

Terrarium making

Bring a new breath of fresh air into your team with terrarium making. Create oxygen for your desk as you establish a sustainable eco-system!

ENGAGE AND EXCITE WITH ECO FRIENDLY SUSTAINABLE TEAM BUILDING

We love an eco-friendly green event and it doesn't get better than this! For sure you can plant a tree which is a wonderful thing to do, however, with the Terrarium making event you get to see and benefit from your creation everyday of the week. The event is a mindful and creative activity where you create and connect with nature by making your own living jar. Create a micro-climate inside a jar for tropical plants to thrive in. Under the right conditions a closed terrarium could last a lifetime, making them way more sustainable than cut flowers which you pop in the recycling after 5 days. After a demonstration and some seriously interesting facts about the history of terrariums from our expert gardener, you will be guided through the different layer and planting techniques, including how to build earth layers and how they contribute to the living system. At the end of the event you are given advice on how to care for your terrarium and bring nature indoors.

Escape the Square Tower in Portsmouth

If you are staying with us for a few days and fancy heading out for one of the days, we highly recommend a 15 minute transfer to Portsmouth, where you can escape the 1494 Henry VII Square Tower! Not armed with gun powder or muskets but an ancient cypher disk and briefcase you must work together against the clock to decipher the disc to open the case and reveal the next mission! It's a pressure cooker situation as you are all neck and neck with the race to escape! Mission two is then either an iPad challenge around the City of Portsmouth and Gun Wharf Quays or if budget allows, you can board high speed RIBS and blast on a treasure hunt mission with the wind in your hair and smiles on your faces across the Solent. Passing the Iron Plated forts protecting the Naval port of Portsmouth and out to the Isle of Wight.

THE ART OF CREATING SPANISH APPETIZERS

Our team tapas event is a casual, unique, sharing experience of leisurely grazing on a variety of spanish savory dishes such as Patatas Bravas, tortilla espanola, hams, olives and breads which are typically placed on top of sweet spanish sherry's.

After a warm welcome, our chef will give a talk about tapas; from its origins to facts, including knife skills and health and safety. Chef will then demonstrate 3 to 5 different classic dishes, which teams will then create together.....so no time for a siesta! If this is a team building activity the tapas can even serve as part of the meal. Our chef will judge the taste, presentation and creativity of the appetizers and award the winning team medals and prizes.
